76,916

TOTAL VACCINATIONS REPORTED

FEDERAL GOVERNMENT AND MDH

PROVIDER

ALLOCATION

ORDER

DISTRIB.

DELIVERY

ADMIN (DOSE 1) ADMIN (DOSE 2)

Federal govt allocates doses to states equitably States order from their allocations on behalf of providers Federal govt ships directly to healthcare providers Doses are delivered directly to provider locations

Requires training, quality assurance, logistical coordination Second dose should match brand of first dose (i.e. Pfizer)

6-9 **DAYS**

2-14 DAYS+

3-4 WEEKS LATER

NATIONAL GUARD

- Dispatching emergency vaccination support teams to assist local health departments
- Will help administer shots, provide logistical support beginning tomorrow

SUPPORTING VACCINATORS

 700 additional qualified personnel identified to support local health departments

ENHANCING DATA REPORTING

 Issuing an executive order to require providers to report vaccination data to ImmuNet within 24 hours after administration

VACCINE DIRECTIVES

 Any facility that has not administered at least 75% of their total first allocation may have future allocations reduced until they prove their ability to meet capacity.

VACCINE DIRECTIVES

 Any provider that has excess doses will be required to notify the local health department so they can be reallocated to priority populations

VACCINE DIRECTIVES

- Rolling distribution: we will not wait to get to all members of a priority group before moving on to those next in line
- Members of previous groups can still get vaccinated in later phases

States are reliant on the federal government for our supply of vaccines.

PACE OF DISTRIBUTION

- For the foreseeable future, we expect to receive roughly 10,000 doses/day from the federal government
- By the end of May, this would mean 1.8 million doses (30% of population)

WE ARE IN PHASE IA

- Front line hospital staff and healthcare workers
- Nursing home residents and staff
- Law enforcement, and firefighters, EMS

- All licensed, registered, and certified health care providers
- Correctional health care staff and officers
- Front line judiciary staff

TIMELINE: ONGOING

TOTAL: 500,000+

PHASE 1B

- Assisted living, group homes, other congregate facilities
- Continuity of government

- <u>Education</u> (K-12 school and daycare faculty and staff)
- Adults age 75+

TIMELINE: LATE JANUARY

TOTAL: 860,000

PHASE IC

- Adults 65-74 years of age
- Public safety not covered in Phase 1A
- Public health workers not covered in Phase 1A

- Food/agriculture production
- Manufacturing
- Postal service
- Public transit
- Grocery store employees

TIMELINE: EARLY MARCH

TOTAL: 772,000

PHASE 2

- Adults 16-64 at increased risk of severe illness due to comorbidities
- Incarcerated adults

 Essential workers in critical utilities, transportation, logistics, infrastructure, etc.

TOTAL: 1.1 MILLION

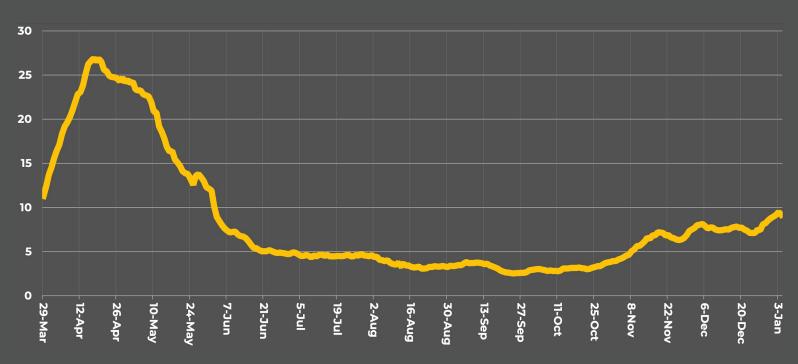

HOW CAN MARYLANDERS HELP?

- Stay informed through trusted sources
- Sign up for 211 alerts by texting "MdReady" to 898-211
- Learn more about the vaccines at COVIDlink.maryland.gov

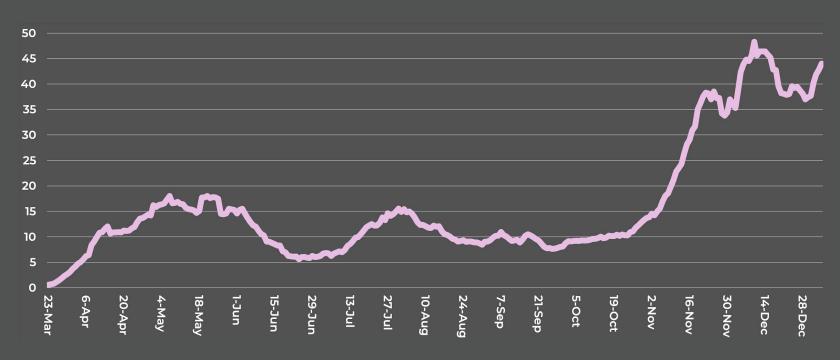

HOW CAN MARYLANDERS HELP?

 Be patient. Skipping the line is wrong, it does not work, and it will make the process slower and longer for everyone

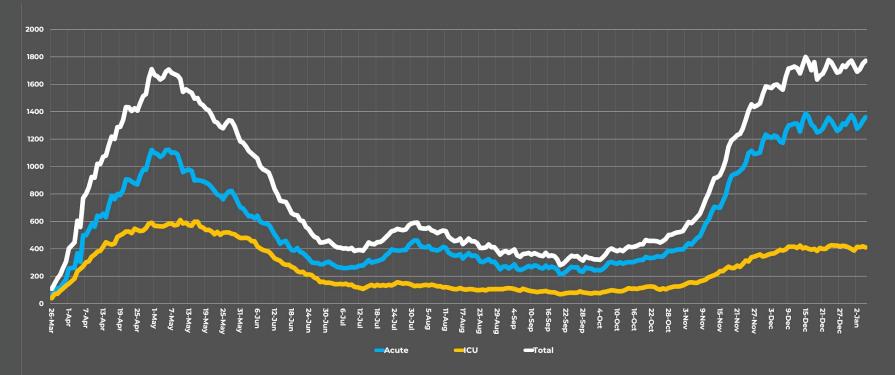

POSITIVITY RATE

CASE RATE PER 100K

HOSPITALIZATIONS

NEW VARIANT OF COVID-19

- Detected in 4 states, 33 countries
- State public health lab is testing samples for this variant daily
- Not yet detected here in Maryland

GEN. TIMOTHY GOWEN

ADJUTANT GENERAL, MARYLAND NATIONAL GUARD
